Populist, Colorado, offered in the house yesterday a joint resolution proposing an amendment to the constitution so as to provide that the right of a citizen to vote shall not be denied or abridged by the United States or any state owing to sex. Congress is to have the power to legislate so as to enforce this provision.

CONSOLIDATING TERRITORIES.

Arguments Against Union of Oklahoma and Indian Territory.

WASHINGTON, Feb. 1.—The Oklahoma sub-committee of the senate on territories yesterday listened to arguments against the consolidation of Oklahoma and Indian Territory as one state by Leon Colby of Nebraska, who appeared for the Cherokee Indians, and General H. F. Payne of Washington, who represented the Chickasaws. They said that the Indians preferred their present condition to that of statehood, and Mr. Colby stated that when the Indian Territory should be admitted as a state, the Indians preferred to come in as an independent state within the boundaries of the present territory.

An important amendment was also offered to the income tax feature by Mr. Springer, Democrat, of Illinois, and was agreed to, putting it at two per cent on incomes derived from succession or from gifts, devise and inheritances of both real estate and personal property.

The amendment putting the internal revenue bill on the tariff bill was then agreed to, and an attempt was made to amend the barley schedule of the bill in the way of raising the duties, but failed on account of the expiration of time. During the discussion of the internal revenue amendment to the tariff bill, Mr. Whiting of Michigan offered an amendment to the wine schedule of the tariff bill proper, fixing the duty on still wines at 30 cents per gallon when below 16 per cent alcohol, and at 50 cents when above. Also exempting the bottles, or jugs, from duty. The amendment was agreed to.

Mr. Bynum, Democrat, Indiana, offered a committee amendment deducting from the calculated income of farmers and stock raisers the amount expended in the purchase or production of such product or production, which was agreed to.

Mr. Pence, Populist, Colorado, offered an amendment a graduated income tax in line with the Populist platform. It provides for a tax of one cent on incomes over \$10,000 and not over \$10,000; a tax of two per cent between \$10,000 and \$30,000; and \$60,000. These last two, between \$30,000 and \$100,000, four per cent, and over \$100,000, five per cent.

Mr. Stibey, Democrat, Indiana, offered a substitute providing for a sliding scale as follows:

On incomes over \$10,000, two per cent; when over \$30,000, three per cent; when over \$100,000, five per cent; and when over \$100,000, six per cent.

Mr. Money, Democrat, Mississippi, favored the amendment proposed by Mr. Pence and delivered a strong speech in favor of it.

Mr. Ensign, Democrat, Tennessee, upheld the income tax, and a vote was then taken on Mr. Stibey's amendment. It was defeated by a close vote, after which Mr. Pence's amendment was also defeated by a standing vote of 66 to 112.

The internal revenue bill was then agreed to as an amendment to the tariff bill by a vote of 157 to 56.

Among the Republicans who voted in favor of the amendment were Messrs. White, of Olden, Bowers, of California, Taylor, of Tennessee, Barfield, of Missouri, and Bandy, of Ohio. The entire New York delegation voted solidly against it. Fresh cheering and applause greeted the result.
